1 *Introduction*

2  
3 These *Rules and Regulations Governing the Long Term Care Ombudsperson Program* are  
4 promulgated pursuant to the authority conferred under section 42-66.7-12 of the Rhode Island  
5 General Laws, as amended, for the purpose of adopting prevailing standards for the  
6 implementation and enforcement of the long-term ombudsperson program including, but not  
7 limited to, the procedures for the receipt, investigation and resolution, through administrative  
8 action, of complaints filed by residents of long term care facilities, individuals acting on their  
9 behalf or any individual organization or government agency that has reason to believe that a long  
10 term care facility, organization or government agency (which government agency is responsible  
11 for the regulation, inspection, visitation, or supervision of facilities or which provides services to  
12 residents of facilities) has engaged in activities, practices or omissions that constitute a violation of  
13 applicable statutes or regulations or that may have an adverse effect upon the health, safety,  
14 welfare, rights or the quality of life of residents of long term care facilities.

15  
16 Pursuant to the provisions of the Administrative Procedures Act, the following were given  
17 consideration in promulgating these regulations: (a) alternative approaches to the regulations; and  
18 (b) duplication or overlap with other state regulations. Based upon available information, no  
19 alternative approach, duplication, or overlap was identified.

20  
21 These regulations are adopted in the best interest of the health, welfare, and safety of Rhode  
22 Island’s seniors.

31 12.1 No employee or representative of the Office, no individual involved in designating,  
32 hiring, evaluating, or terminating the ombudsperson or any other employee or  
33 representative of the Office, no organization within which the office is located and no  
34 governing body members may have an unremedied conflict of interest. Conflicts of interest  
35 shall include, but shall not be limited to, being employed by a facility at any time within  
36 the two (2) years prior to being employed by or affiliated with the Office; or being  
37 affiliated with, or having a financial interest in, a facility or a membership organization of  
38 long-term care providers or other facilities; or standing to gain financially through an  
39 action brought on behalf of individuals whom the Office serves; or, in the case of a non-  
40 profit organization where the Office is situated, receipt of donations or other funds from a  
41 facility.

42 Absent a waiver granted by the Division, no representative of the Office shall be assigned  
43 to investigate a complaint concerning a facility with which the representative was formerly  
44 employed, with which the representative was formerly or is currently affiliated or  
45 associated, from which a relative receives long-term care services, or that poses any other  
46 conflict of interest.

1 12.2 The agency within which the Office is located shall develop procedures to screen potential  
2 and existing employees of the program, potential candidates and existing representatives of

24 13.1 Upon receipt of a complaint, a representative of the Office shall: (a) inform the resident

28 shall be made without the complainant or resident's consent if ordered by a court of  
29 competent jurisdiction or when disclosure is mandated by statute;

30 (b) review the complaint and consult with the complainant regarding possible methods of  
31 resolution; If consent to proceed is not obtained, the resident, or complainant, if not the  
32 affected resident, shall be provided with information and/or referral sources appropriate to

34 13.2 After an investigation, if the ombudsperson determines in the ombudsman's judgment that  
35 the complaint does not warrant further action, the situation shall be explained fully to the  
36 complainant, and the Office shall educate the complainant as to his rights and  
37 responsibilities.

38 13.3 After an investigation, if the complaint is fully or partially verified, the ombudsperson shall

14 specific complaint or problem. A representative of the Office may observe acts, practices  
15 or omissions regarding a facility which generally may affect the health, safety, welfare,  
16 rights or quality of life of all or a substantial number of the residents in the facility. If  
17 in the discretion of the ombudsperson, such observations constitute a complaint situation  
18 (s)he may cause the Office to investigate and attempt to resolve these complaints without  
19 the consent of an individual resident.  
20
- 21 Section 14.0 ***Resident Records***

9 as the Public Records Administration Act. This Act requires any executive, legislative,

20 responsibility of the agency or organization within which the Office is located. The Office  
21 shall provide to the Division a copy of all correspondence, certifications and other  
22 documents provided to or from the secretary of state relating to compliance with this  
23 Section 14.5 and the retention and destruction of records. Where destruction of records is  
24 authorized by the secretary of state, the Office shall furnish to the Division a copy of said  
25 authorization certification from the secretary of state prior to destruction of the records.  
26 The Office shall shred all documents being destroyed and properly and fully destroy all  
27 materials to protect the privacy of all individuals.

28
